B.A., Interdisciplinary Computing and the Arts

University of California, San Diego

WORK & PROJECT EXPERIENCE

CURRENTLY

Design Contractor

Collective Health

After my internship, I was asked back to do some remote contracting work on the company's icon system. Currently working to refine a mobile-only set of complex icons.

2018

Product Design Intern

Collective Health

Developed and implemented design systems components for Collective Health's iOS and Android mobile apps. Also worked on the UI for an internal healthcare plan management tool.

2017 - 2018

Web & Graphic Designer

A.S. Graphic Studio

I started off as a designer, where I met with clients to come up with creative design solutions from concept to production, and then transitioned into a hybrid role where I also worked in web design & development.

ABOUT

Specializes in interaction, interface, and visual design.

Skilled in human-centered design, design research & user testing methods, animation, illustration, front-end dev, photography. Detailed attention to craft.

2017 - 2018

Design & Production Intern

NBCUniversal

Yearlong internship program at NBC 7. I worked in the Creative Services department, where I designed marketing collateral, animated and edited television spots, and helped with production shoots.

2017

Web Content Team Lead

Jacobs School of Engineering

Contracted as a team lead to reimagine an outdated website, source and create new content, and work with designers and developers to bring the project to completion in three months.

2014 - 2017

Lead Graphic Designer

University Centers Marketing & Programs

Where I got my start. Designed apparel, posters, logos, and worked on event & department branding. Spent the last two years as the student lead, where in addition to design I managed workload for the team.
