Work & Project Experience

05.18 - PRESENT

Product Design Intern Collective Health

Currently developing and implementing design systems for Collective Health's suite of digital healthcare products. Also working on the UI for an internal healthcare plan management tool.

04.17 - 05.18

Webmaster / Designer A.S. Graphic Studio

I started off as a designer, where I met with clients to come up with creative design solutions from concept to production, and then transitioned into a hybrid role where I also worked in web development.

04.14 - 04.17

Lead Graphic Designer University Centers Marketing & Programs

Where I got my start. Designed apparel, posters, logos, and worked on event & department branding. Spent the last two years as the student lead, where in addition to design I managed workload for the team.

About

Specializes in

Interaction + UI + UX + Visual design, Animation

Can write code in

CSS, C#, HTML, Java, Javascript, Python

Wants you to know
